A9 GOAT LEATHER WITH IMPACT PROTECTION

With their **goat leather outer shell** and **cut & sewn para-aramid composite inner liner**, these gloves offer **360° cut resistance, abrasion resistance, good grip and impact protection.**

Available in Standard and Oil Block.

WHY?

This is a traditional glove brought into the modern world. Developed for those who enjoy the classic leather safety gloves but want the additional cut protection and liquid penetration treatment that modern technology brings to the equation.

TRUE VALUE OF THIS GLOVE

- Cut and sewn inner liner gives cut protection beyond what a leather glove can achieve on its own
- Impact protection for smash-risk environments

KEY MARKETS AND APPLICATIONS

- Manufacturing, Sheet Metal and Glass, General Purpose
