

21 GAUGE PFT FA7 with TOUCHSCREEN

The only thing we've cut is the weight!
Designed for workers in technological applications as well as automotive, glass and sheet metal industries, this 21 gauge glove provides as much protection and comfort with as little weight as possible.

Touchscreen capable

No need to remove gloves to use touchscreens

Thumb crotch reinforcement

Offers extended glove durability

Superior all-around grip

In dry, oily and wet conditions

Super light-weight and ergonomically designed

Improved comfort, dexterity and flexibility without sacrificing cut protection during extended wear

CUT RESISTANT GLOVES

made with Tungsten State of the Art Cut Protection
 Engineered by Midas Safety
 Enhanced Cut Resistance • Improved Comfort & Dexterity • Reduced Hand Fatigue

The touchscreen feature of the device, if present, must be turned on and adjusted. Since the gloves have conductive properties, do not use in areas that have a potential risk of static discharge and electric shocks. Performance of touchscreen functionality may vary due to temperature and humidity. Touchscreen compatibility depends upon the type of device, sensitivity of device, the way the device is operated, ambient conditions, type of coating and fitting of the glove.

Style Code	ACM2-3401CSP-PFT-BK-Size (TS) (TCD-9N-BK)
Glove Name	21 Gauge PFT FA7
Sizes	XS,S,M,L,XL,XXL
Liner	21 gauge machine knitted with HPPE/nylon/tungsten wire and spandex shell
Liner Color	Salt & Pepper
Coating	Premium Foam Technology
Dip Levels	Palm Coating
Coating Color	Black

Abrasion		0	1	2	3	4					
Tear	EN388: 2016	0	1	2	3	4					
Puncture		0	1	2	3	4					
Cut (TDM)		-	A	B	C	D	E	F			
Cut	ASTM F2992	-	A1	A2	A3	A4	A5	A6	A7	A8	A9

The coating on these gloves is treated with Sanitized[®] antimicrobial material protection and odor-reducing technology. Sanitized[®] will not protect the wearer of this garment against disease-causing bacteria.

21 GAUGE PFT FA7 with TOUCHSCREEN

Combining the need for reliable cut protection and the trend towards lighter-weight, thinner gloves offering high levels of comfort and dexterity. The 21 gauge PFT glove utilizes the latest tungsten technology to produce this top class product.

TECHNOLOGIES

- State of the art yarn technology, made with tungsten
- Premium Foam Technology (PFT) coating
- Touchscreen

TRUE VALUE OF THIS GLOVE

- High level cut protection FA7 in a super light-weight glove.
- Super comfortable, without glass or steel, cut resistance is achieved through the use of the latest tungsten yarn technology

APPLICATIONS

- Metal fabrication and assembly
- Glass and window manufacturing
- Aerospace assembly
- Automotive assembly and manufacture
- Domestic appliance manufacture (white goods)
- Mining and construction

made with Tungsten
